MONEYSPOTTING TRAINING

This live (online) 1-day training will teach you to identify and process the patterns that keep your clients stuck in unhealthy patterns with money. The training is aimed at helping our clients (and ourselves) identify issues of worth and process blockages to financial well-being using Brainspotting setups.

IN THIS 1-DAY LIVE ONLINE COURSE WE'LL COVER:

1. Two powerful Moneyspotting set-ups:
Rate spotting and Worth spotting
2. The Klontz Money Script Inventory (KMSI) + other financial questions you can use with clients
3. Deepen your knowledge of the relationship between trauma and financial stress
4. Explore your own beliefs about money and how they impact your work (Financial Countertransference)

WHO COULD BENEFIT FROM MONEYSPOTTING?

- Solopreneurs who long to raise their rates but don't
