

# Brainspotting

## Brainspotting Master Class from a Neuroexperiential Perspective

Don't miss this opportunity to study directly with David Grand, Phd, the founder and developer of Brainspotting!

**David Grand, PhD**

July 15-17 2022

9-6 pm MDT  
via Zoom

**[REGISTER HERE](#)**

This 3 day training is an exciting opportunity to study the most advanced and creative clinical applications of Brainspotting with David Grand, the way he practices them in his office.

This training is an opportunity designed for learning open, innovative, integrative, and free-form approaches with clients of all diagnostic backgrounds including complex, developmental trauma with issues of attachment and dissociation.

The format will include 6 live experientials with attendee volunteers (2 per day) with extensive Q and A debriefs, as well as 3 live role play supervisions (1 per day) with attendees presenting challenging Brainspotting cases also followed by extensive Q and A.

\*\*Please note that completion of Phase 1 is the only requirement to attend Master Class so don't miss this opportunity to study directly with David!

\$745 Early Registration (until June 8th)  
\$795 Regular Registration (after June 8th)  
\$845 Late Registration (after July 8th)
